# Our Services

## Residential Construction

We turn your vision of home into reality. Every build is focused on durability, comfort, and customization—delivered in full compliance with Ontario's standards.

## Commercial Construction

We build commercial spaces that drive business. Every project combines aesthetics and functionality while meeting all Ontario building codes.

## Design & Permits

From concept sketches to municipal sign-off, we handle every design detail and permit application—keeping your project on schedule and fully compliant.

## Project Management

Our team manages permits, trades, and timelines with precision. We control cost, reduce risk, and keep your construction project running smooth and on schedule.

## Restaurants & Kitchen Hood

We handle restaurant build-outs and kitchen hood installations with expert coordination. From code compliance to safety, we deliver functional, high-performance spaces that meet every requirement.

## Renovations & Remodeling

We reimagine spaces with expert renovations. From kitchens to basements, we enhance comfort and value while meeting Ontario's safety and style standards.

# CLIENTS FEEDBACK

Working with Makens was a breeze. They understood exactly what we needed for Social Que and delivered on time without compromising quality. The space turned out better than I imagined, and the process was smooth from start to finish.

**Karan**

Owner – Social Cue

Makens handled our restaurant project with real professionalism. They managed everything—from design to permits to build—with zero stress on our side. Highly recommend them if you want your project done right the first time.

**Varun**

Owner – Oh Bombay

Our renovation project was handled efficiently by the Makens team. They paid attention to our needs, met all health and safety requirements, and finished within the timeline. Very happy with their work.

**Mr. Ram**

Owner – Simply South

Makens delivered exactly what I asked for at Kuyu Don. Their team managed the whole construction process without delays, and the quality of work speaks for itself. I would absolutely work with them again.
